

K-Love Radio station serves our community by providing encouraging, positive and uplifting music and comments.

If K-Love Radio is displaced by an LPFM it would be devastating to our community at large. No longer would our children, grandchildren, nieces and nephews hear this wonderful station. As parents and grandparents we know our children can listen to K-Love without fear of vile, abusive or degrading lyrics. K-Love encourages us all.

Because K-Love instill such values and morals through their airwaves it would be detrimental if this service was no longer provided. It is in the public interest to continue to allow K-Love to broadcast throughout our area.
